

## GRASS MAT ON ROLL

### Intended use and manual

Plast-Turf Grass mat on roll is designed for various types of building entrances to clean the soles of the shoes from dirt. The grass mat on roll can be used either in the outside or in the inside of the building. There are two options for width (90 cm and 120 cm). The mat can be delivered tailor-made to the customer and you can buy the perfect size of the mat to your home always totally suitable for your needs.

You can easily clean the mat using a vacuum cleaner or shaking the mat lightly. The mat can also be washed with water. The grass mat on roll is for inside, and outside use.
